OFFICE OF THE SANGGUNIANG PANLUNGSOD

COMMITTEE REPORT

TO : The Honorable Presiding Officer
And Members of the Sangguniang Panlungsod

FROM : The Committee on Engineering and Public Works and
Committee on Environment, Urban Development, Land
Use and Zoning

SUBJECT : Request for endorsement of Beredo Construction
(BCON) and General Services, Inc. to the Provincial
Government of Batangas for its Dredging and
Desilting Project of Talahib River to be located in
Barangay Talahib Pandayan, Batangas City.

Referred to the Committee on Engineering and Public Works and Committee on Environment, Urban Development, Land Use and Zoning is the request for the endorsement of the Sangguniang Panlungsod for Beredo Construction (BCON) and General Services, Inc. for its Dredging and Desilting Project of Talahib River to be located in Barangay Talahib Pandayan, Batangas City. The Committee held a hearing on October 4, 2018, and in attendance are: Councilor Dela Roca, Chairman; Councilors Atienza, Lazarte, Villena and Chavez, members; Vice Mayor Berberabe, Jr. and other Sangguniang Panlungsod Councilors Macatangay, Buted, Nestor Dimacuha and SK President Manalo. Other representatives present are Mr. Oliver Gonzales of City ENRO; Mrs. Delia M. Licarte and Engineer Januario Godoy of CPDO; Mr. Rogelio M. Buenafe, Mr. Arnold Eborra and Mr. Julius Joseph Beredo, from BCON; Ms. Yesa Espina from Alangilan, and Barangay Captain Mike L. Macalalad and Mr. Mario Abela from Talahib Pandayan.

The project is for the dredging and desilting of Talahib River which is located at Barangay Talahib Pandayan, Batangas City and covers an area of approximately 18 hectares. The Sangguniang Barangay passed Resolution No. 2017-08 dated October 7, 2017 expressing the need for the desilting and dredging of Arroyo Talahib River, Talahib River, and Tibig River, all located in Talahib Pandayan. On the basis of this Resolution, Punong Barangay Macario L. Macalalad executed an Undertaking interposing No Objection to the project and desilting and dredging of said rivers. Likewise, the Punong Barangay certified that Beredo Construction and General Services Inc. agreed to undertake the dredging, desilting and clearing activities at no expense for the barangay.

The project is of environmental significance as it will prevent flooding and overflowing of the river during heavy rains. The safety of people and property in areas near the river will be ensured. It is noted that the subject river traverses the areas where the Talahib Pandayan Elementary School and residential houses are located.

RECOMMENDATIONS:

1. The adoption of this Committee Report
2. The approval of the Resolution hereto attached.

Respectfully submitted, October 17, 2018.
